# STOCK MOULDINGS

♣ KEPT IN ♣  
DUST - PROOF  
MOULDING  
♣ VAULTS ♣

---

ALL MOULDINGS SHOWN IN THIS BOOK  
CARRIED IN STOCK.

---

**Shipment Made Same Day Order  
is Received.**

**THE FOSTER-MUNGER CO.**  
AMERICA'S GREATEST SASH AND DOOR HOUSE  
**CHICAGO · U.S.A.**

We show in this book only such Mouldings as we  
carry in stock, patterns of every day use selected  
from The Chicago Moulding Book, assuring immedi-  
ate shipment same day order is received, but manu-  
facture to order and ship promptly any other patterns  
appearing in The Chicago Moulding Book, or special  
mouldings worked to detail.   \*   \*   \*   \*   \*

## STOCK MOULDINGS

\* KEPT IN DUST-PROOF MOULDING VAULTS \*

## TO THE TRADE.

**W**E show on the following pages "stock patterns" of both white pine and yellow pine mouldings carried in stock *for immediate shipment*; bright, clean, smooth stuck, of good lengths (carried in dust-proof moulding vaults).

We manufacture and ship promptly, any style of moulding shown in The Chicago Moulding Book, from which these numbers are selected. Also, anything in mouldings made to detail, in pines or any of the hardwoods, *but confine this book to stock mouldings only, in common use, carried on hand for shipment same day order is received.*

This assortment in stock covers practically everything in common use, and dealers will at once see the advantage of confining their orders, so far as possible, to these regular stock patterns, admitting of immediate shipment of dependable stock.

We show also, stock poplar porch railing, corner and head blocks, caps and fancy mouldings carried in stock for immediate shipment, as well as six pages of sides of trim, both block and cap finish, gotten out cut to lengths from our stock, bundled, shipped K. D., quickly fitted, *no waste.*

In ordering cap trim of the different patterns shown simply give the "side of trim" number together with the casing number as appears and is described in each cut. For example:

- |    |   |
|----|---|
| 5  | Sides Trim, T 78, for Doors 2- 8x6- 8, Casing No. 8322. |
| 3  | " " T 84, " 2- 8x7- 0, " 8298.                          |
| 11 | " " T 63, for Windows 24x36, 2 light, Casing No. 8322.  |

And if window trims are to extend to the floor, like patterns T 69, T 71 or T 73, give height of sill from the floor.

Yours very truly,

**THE FOSTER-MUNGER CO.**

## MOULDINGS CARRIED IN STOCK.

TO FORM CAP TRIM AS SHOWN BELOW.

For plain cheap caps, omit egg and dart moulding (like T 71 and T 84), which still makes a complete finish, or quartered turned bead moulding can be substituted for the egg and dart moulding (as appears in T 73 and T 86), or plain stuck moulding can be used, such as is shown in this book. For example: Nos. 8035, 8060, 8065.

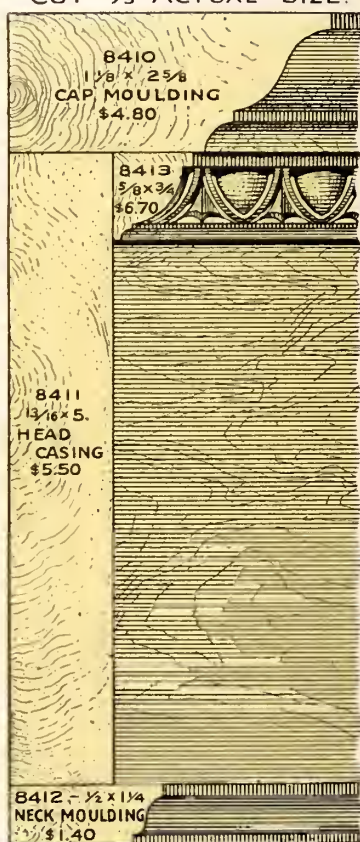

### WHITE PINE.

CUT  $\frac{2}{3}$  ACTUAL SIZE.

### YELLOW PINE.

CUT  $\frac{2}{3}$  ACTUAL SIZE.

We ship out from stock the four members as indicated above in lineal lengths to form these caps, or can cut to length and "return" the caps nailed together ready to set in place. (They are returned on themselves.)

We advise purchase in lineal lengths as they are easily cut and better fitted by the carpenter on the work.

Prices subject to discount.
